Experience

On-site IT Technician

Sep 2025 - Present

The Right Click

Providence, RI

- Provided on-site IT support for local businesses, including troubleshooting hardware and software issues, computer setup and maintenance, and network configuration.
- Implemented and maintained security practices to protect sensitive data and prevent unauthorized access.
- Collaborated with clients to understand their IT needs and provide tailored solutions, resulting in improved efficiency and productivity.

Senior Full Stack Developer

Mar 2023 - Jun 2024

Deltek

Remote

- Contributed to Vantagepoint, an ERP solution designed for professional service firms, using a proprietary Javascript MVC framework and Visual Basic.
- Established a standard documentation format, inspiring colleagues to improve their documentation practices and leading to increased clarity among developers.
- Fixed many client-reported bugs, resulting in far greater user satisfaction and a 33% reduction in client-reported issues.

Lead Full Stack Developer

Apr 2017- Feb 2023

dtour.life

Providence, RI

- Implemented customer-facing divorce management platform that consolidated all financial data for lawyers and spouses using React, Redux, Elixir, and Phoenix.
- Took ownership of dtour as sole developer, overseeing all technical aspects and taking on project management and design responsibilities in addition to engineering.
- Directly assisted customers and leveraged feedback to identify areas for improvement, resulting in targeted requirement analysis and feature design.

Full Stack Developer

Jun 2015 - Mar 2017

Hewlett Packard Enterprise

Andover, MA

- Developed admin-facing enterprise storage management interface for easy monitoring of rack storage using a proprietary Javascript MVC framework (and later, React & Redux) and Java.
- Modernized the codebase, resulting in a 55% reduction in task completion time for the engineering team.
- Utilized the organization's design language to construct new visually consistent interface pages.

Education

B.S. in Computer Science, University of Massachusetts Amherst

2010 - 2015
